REFUSES TO ANSWER

Crocker Declines to Give Mazet Committee Information Wanted.

MAY CAUSE HIMSELF MUCH TROUBLE

Likely to Be Brought Before the State Legislature to Answer Charges of Contempt—Proceedings on Monday.

New York, April 18.—In the session of the Mazet legislative investigating committee Monday Richard Crocker was again the principal object of Mr. Moss' examination, and the most important development was the probability that the Tammany chieftain and John F. Carroll will be the subject of contempt proceedings before the state legislature shall adjourn. All during the evidence Mr. Crocker parried the questions of the counsel and refused to satisfy the members with the amount of information he was willing to give regarding matters which he classified as "personal affairs." An adjournment of the committee was taken until next Friday morning, and Mr. Crocker was subpoenaed to reappear before the session on next Monday morning. By the initiative of Moss, many of whose questions Mr. Crocker repeatedly refused to answer, and with whom he had several sallies that came very near being personal, the chairman of the committee took such action as would leave Mr. Crocker in technical contempt. It was stated that when Mr. Fallows, of the committee, left Monday afternoon for Albany he had instructions to prepare papers adjudging Mr. Crocker and John F. Carroll in contempt.

Assemblyman Hoffman offered a resolution to have certain prominent men summoned before the committee because of a rumor that a certain law firm, "by and with the assistance of other persons, by corrupt methods secured the passage through the assembly of the Astoria gas franchise, whose real purpose was to enable the Consolidated Gas company to force a consolidation of all the gas interests in the city, to the end that the supply of gas might be controlled and the price regulated by the so-called consolidation." Mr. Hoffman wanted to subpoena the law firm of Tracy, Boardman & Platt, Elihu Root, the incorporators of the Astoria Heat, Light and power company, Thomas C. Platt, Benjamin B. Odell, Lemuel Ely Quigg and John D. Crimmons. The resolution was defeated, however, five republicans opposing it and two democrats favoring it.

Mr. Crocker's Testimony.

Richard Crocker was called to the stand soon after noon and he occupied the attentions of the committee the rest of the session. He testified that the police did not contribute a cent to the Tammany campaign last year, but that the officeholders did. He could not tell the amount of money raised last year, nor did he know in what bank the funds were kept. He said he had never received a cent from Bourke Cockran. He also swore he was never caught short with Manhattan "L" stock, and did not lose \$27,000. Mr. Moss asked him about the contributions made by the judicial candidates last year. Mr. Crocker couldn't tell the amount. The Tammany leader and Mr. Moss had a little tilt as to whether Mr. Crocker had said that the city was not "wide open." Mr. Crocker had never heard that the Metropolitan street railroad or persons interested in it had contributed \$750,000 to Tammany Hall during the last election. Mr. Crocker had received no money, directly or indirectly, from Mr. Carroll during the last year.

Refuses to Answer.

Mr. Moss asked Mr. Crocker how much he paid for his stock in the United States Bond company, and whether the stock was given to him upon the formation of the company. Mr. Crocker refused to answer, and Mr. Moss requested the committee to direct the witness to answer. Mr. Mazet so directed.

"Will you answer, Mr. Crocker?" "No, sir," said the witness, firmly. "Please to record the gentleman's refusal to answer all of these questions concerning the getting of the stock and whether he had paid for it or not, or whether he got it at the organization of the company," said Mr. Moss.

"And record also that he declines to answer on the ground that it is a private personal matter," said Assemblyman Hoffman.

Mr. Crocker said he was not interest-

not know that Senator Timothy D. Sullivan was interested in compelling saloon keepers to buy Maryland whisky. He knew nothing about Senator Sullivan's character.

"Have you not, during the last year, received large sums of money from individuals, which were neither profit or earnings from any business?" asked Mr. Moss.

"No," said Mr. Crocker.

DISSATISFIED WITH VERDICT.

Coroner's Jury at Pana Declares Dead Miners Were Killed by Parties Unknown.

Pana, Ill., April 18.—After a seven days' session the coroner's jury in the cases of Douglas Sharper, J. L. James, Charles Watkins and Louis Hooks, four of the negro victims of last Monday's riot, returned a verdict Monday morning that "they came to their death by gunshot wounds inflicted by parties unknown to the jury." State's Attorney Humphreys has been appealed to by Sheriff Downey, his deputies and union miners to have a special grand jury empaneled to inquire into the riot and place the responsibility for the killing of seven victims and the wounding of 13 persons.

ICE JAMS.

Threaten Trouble in Wisconsin—Cause Floods—Bridges in Danger.

Milwaukee, April 18.—A Journal dispatch from Marinette, Wis., says: The main river is very high and is rising rapidly, and serious danger is apprehended. Ice jams 18 to 20 feet high have formed near Quinnesec falls, at Sixty islands, and at Grand Rapids. The flats are all flooded. The bridge of the Soo road, near Pembine falls, is in danger of being carried away by ice. The Pike river and other tributaries have overflowed their banks and are raging torrents. High water on the Menominee has just commenced. Ice jams are forming in many streams and water is flooding miles of country.

Recommend Criminal Proceedings.

Harrisburg, Pa., April 18.—The bribery investigation committee Monday evening recommended to the house that criminal proceedings be instituted in the courts against nine persons (named) for corrupt solicitation in connection with the balloting for United States senator and the consideration of the McCarrell jury bill. The house postponed further consideration of the report until to-day.

Bride Dies in Philippines.

Kansas City, Mo., April 18.—A cablegram received Monday from Manila announced the death of Mrs. Buchanan, the young bride of Capt. Frederick E. Buchanan, company B, Twentieth Kansas regiment. She was a graduate of the Kansas state university and married Buchanan, who is a son of ex-State Senator Buchanan, in San Francisco, just before his regiment sailed for the Philippines.

Extra Pay for Troops.

Washington, April 18.—The payment of the 20 per cent. extra pay to the American troops in the Philippines has been extended to include all our soldiers now in service, and will continue until hostilities in the Philippines cease. The troops in the Philippines, both officers and men, will be given the two months' extra pay when mustered out.

Result of an Old Quarrel.

Clarksville, Tenn., April 18.—As a result of a street fight with pistols Bud Riggins lies mortally wounded and Gus Moody's chance to live is alarmingly slim. They are both men of fine standing, and the fight is the outcome of an old business trouble. The battle was a bloody one, both men firing after falling over each other exhausted from the blood shed.

Absorbed by Iron Trust.

Toledo, O., April 18.—It is announced that the Maumee rolling mills has been absorbed by the iron trust, and will be put in operation at once. The concern goes in at \$250,000.

Fire in Iowa Village.

SEEK THEIR RELEASE

Volunteers in the Philippines Want to Come Home.

CLAMORING FOR THEIR DISCHARGE.

Gov. Lind, of Minnesota, and Senator Pettigrew, of South Dakota, Active in Their Efforts to Bring About This Result.

St. Paul, Minn., April 18.—Gov. Lind Monday sent a message to the legislature urging some action looking towards the speedy return from Manila of the Thirtieth Minnesota volunteers. He states that all appeals to that end addressed to the president and to the war department have been ignored, save in a few individual cases that were influenced by partisanship. He asserts that the volunteers are being held contrary to law, and that he has been notified by Col. Ames that the regiment desires unanimously to return home.

Pettigrew Writes to President.

Washington, April 18.—Senator Pettigrew, of South Dakota, has written a letter to the president requesting the return of the South Dakota volunteers, now in the Philippines. He says that under the law they are entitled to come home, and that they should not be retained against their will. The senator says he has received requests from 119 members of the South Dakota regiment asking to be discharged and sent home.

Their Discharge Ordered.

Washington, April 18.—Orders were issued to Gen. Brooke to discharge men in the regular army in Cuba who had enlisted only for the war with Spain. Considerable complaint has been made because these men were not allowed to return home, and those whose applications were refused have interested United States senators and others to procure their discharge. Under the law increasing the regular army for the war with Spain, there was a provision that the enlistment should be only during the war.

Lawton's Recall.

Washington, April 18.—When shown a dispatch announcing the recall of Gen. Lawton Brig. Gen. Schwan, acting adjutant general, said it was in accordance with the understanding of the war department as to the purpose of Gen. Lawton's campaign.

"Gen. Otis sent this expedition to southern Luzon," he continued, "for the purpose of destroying any insurgent forces that might be found there, to make a careful reconnaissance of the territory, and to spread broadcast the recent proclamation of the Philippine commission, setting forth the purposes of this government with respect to the islands."

"I understand that he will release all the prisoners he has taken and they will be sent to their homes. By this action it is hoped that he will prove to the Filipinos that the Americans are not as barbarous as the insurgents pretend we are, and that we propose to treat the Filipinos humanely."

Why Is Gen. Lawton needed at Manila?

"Gen. Otis has not communicated his plans to the department, the matter being left entirely to his discretion. The insurgent leader has established his headquarters at San Fernando, to the northwest of Malolos, and I suppose Gen. Otis contemplates a movement against that city. Gen. Lawton only had 1,500 men under his command, and it was of course impossible for him to divide his force by stationing detachments in every village captured. His command will be useful, however, in assisting in the advance on Malolos, or in enforcing the line about the city of Manila. It is possible that when the lake rises Gen. Otis will resume the campaign in the southern part of the island."

Big Army Needed.

New York, April 18.—A dispatch to the World from Manila says: Maj. Gen. Lawton at Paite authorized the World correspondent to make this statement:

"The present prospect is that 100,000 troops will be necessary to pacify the Philippine islands."

After giving the opinion that 100,000 men will be required to subdue these islands, Gen. Lawton explained the situation to the World correspondent as follows:

"The difficulties in the way are those of fighting guerrillas in a tropical country. "While my brigade I could force my way from one end of the islands to the other if I did not have to hold the territory I traversed. But leaving garrisons behind would soon eat up the whole force."

Appointed Field Agent.

New York, April 18.—The American Bible society has appointed Rev. William R. Henderson, D. D., as its field agent for Illinois, Indiana and Wisconsin. Dr. Henderson is a native of Indiana, graduated from Princeton college in 1867, and from McCormick Theolog-

MRS. GEORGE'S TURN.

She Will Now Present Evidence in Her Own Behalf, the State Having Closed.

Canton, O., April 18.—The state concluded its direct testimony against Mrs. George at 3:25 o'clock Monday afternoon and the defense will now have its inning. There was a strong intimation Monday that the lines of defense will be temporary insanity—emotional insanity. This came from the bench in a decision admitting testimony bearing on the relations between the accused and Saxton dating back as far as the '80's. The judge announced that these relations were admissible if insanity is to be the defense, or if insanity is to be in any degree relied upon as part of the defense. They were further admissible, he said, on the grounds of premeditation or deliberation, and also because the state has shown some of the relations between Saxton, Mrs. George and Mrs. Althouse. This decision also practically opens the doors for all of what has heretofore been regarded as doubtful testimony. The defense is now permitted to show all of the relations existing between Saxton and Mrs. George and this will involve the litigation in which Sample C. George, the former husband, is concerned. It is further inferred that the ruling will permit the state in rebuttal to go into similar testimony regarding the former life of the accused and the effect will be, as now viewed, materially to lengthen the proceedings.

DIES UNEXPECTEDLY.

Rt. Rev. John Ambrose Watterson, Bishop at Columbus, Passes Away—Funeral Thursday.

Columbus, O., April 18.—Rt. Rev. John Ambrose Watterson, D. D., bishop of the diocese of Columbus, died suddenly at his residence in this city early in the morning. He had been in ill health for some time, but his death was unexpected and came as a great shock to the public of Columbus.

It is now thought that the funeral will be held on Thursday and the remains buried under the altar of St. Joseph's cathedral, beside the body of Bishop Rosencrans.

Bishop Watterson attained national prominence by taking advanced ground on the temperance question. In 1893 he promulgated his famous decree barring liquor dealers from membership in Catholic societies and instructing priests of the diocese to refuse absolution to saloon keepers who carried on their business in violation of civil law, unless they promised to cease offending.

Cruiser Chicago's Long Voyage.

New York, April 18.—The cruiser Chicago, which has been undergoing repairs at the Brooklyn navy yard for months, will sail this morning on her first important voyage in nearly four years. A cruise of 22,000 miles is to be made under command of Capt. Cook, acting under orders from Rear Admiral Howison. The Chicago will go first to the Azores, then to Gibraltar, where a stop of ten days will be made. Thence through the Mediterranean to Malta and to Cairo, the cruiser will pass through the Suez canal down the eastern coast of Africa to Johannesburg and Cape Town. A stop will be made at St. Helena. It is expected that the Chicago will return to the United States next October.

Von der Ahe Seeks Damages.

St. Louis, April 18.—Chris Von Der Ahe filed suit in the circuit court Monday for \$50,000 damages against Frank DeHaas Robinson and Edward C. Becker, the new owners of the St. Louis Baseball club. Every club in the National league is also made a party to the suit, and \$25,000 damages is asked from each one of them. The chief allegation in the petition is that a combination existed in the league to forfeit the membership of the Sportsman's park and club for the pecuniary profit of the defendants.

small adjourn. Assemblyman Hoffman offered a resolution to have certain prominent men summoned before the committee because of a rumor that a certain law firm, "by and with the assistance of other persons, by corrupt methods secured the passage through the assembly" of the Astoria gas franchise, whose real purpose "was to enable the Consolidated Gas company to force a consolidation of all the gas interests in the city, to the end that the supply of gas might be controlled and the price regulated by the so-called consolidation." Mr. Hoffman wanted to subpoena the law firm of Tracy, Boardman & Platt, Elihu Root, the incorporators of the Astoria Heat, Light and power company, Thomas C. Platt, Benjamin B. Odell, Lemuel Ely Quigg and John D. Crimmons. The resolution was defeated, however, five republicans opposing it and two democrats favoring it.

Mr. Croker's Testimony. Richard Croker was called to the stand soon after noon and he occupied the attentions of the committee the rest of the session. He testified that the police did not contribute a cent to the Tammany campaign last year, but that the officeholders did. He could not tell the amount of money raised last year, nor did he know in what bank the funds were kept. He said he had never received a cent from Bourke Cockran. He also swore he was never caught short with Manhattan "L" stock, and did not lose \$27,000.

Mr. Croker refused to answer, and Mr. Moss requested the committee to direct the witness to answer. Mr. Mazet so directed. "Will you answer, Mr. Croker?" "No, sir," said the witness, firmly. "Please to record the gentleman's refusal to answer all of these questions concerning the getting of the stock and whether he had paid for it or not, or whether he got it at the organization of the company," said Mr. Moss.

"And record also that he declines to answer on the ground that it is a private personal matter," said Assemblyman Hoffman. Mr. Croker said he was not interested in the Maryland Whisky company. He had never owned any stock in the Flushing Gas company. Mr. Moss wanted to know why he made definite answers to these personal questions, and Mr. Croker said: "I don't know. I have got to answer some, and must reserve some to my judgment. If I didn't answer some, I would sit here without answering anything at all."

Mr. Moss asked Mr. Croker again if he had given his son Frank \$17,000 with which to buy stock in the Roebing Construction company. Mr. Croker declined to answer. Chairman Mazet instructed him to answer and he refused. The same thing occurred when Mr. Moss asked how much stock of the Auto-Truck company Mr. Croker held and how much he paid for his interest in that concern.

Mr. Croker declared he had never said he would never resign from the leadership of Tammany Hall. He had merely stated that he would remain in Tammany Hall as long as he lived. He said there were no inducements in the way of references offered to young lawyers to join Tammany Hall. He denied that he was "broke" when he returned from England. Witness said Judge Daly was not turned down for refusal to appoint a Tammany man to a clerkship, but to give place to a better man. Witness did

"I understand that he will release all the prisoners he has taken and they will be sent to their homes. By this action it is hoped that he will prove to the Filipinos that the Americans are not as barbarous as the insurgents pretend we are, and that we propose to treat the Filipinos humanely."

"Why is Gen. Lawton needed at Manila?" "Gen. Otis has not communicated his plans to the department, the matter being left entirely to his discretion. The insurgent leader has established his headquarters at San Fernando, to the northwest of Malolos, and I suppose Gen. Otis contemplates a movement against that city. Gen. Lawton only had 1,500 men under his command, and it was of course impossible for him to divide his force by stationing detachments in every village captured. His command will be useful, however, in assisting in the advance on Malolos, or in reinforcing the line about the city of Manila. It is possible that when the lake rises Gen. Otis will resume the campaign in the southern part of the island."

Big Army Needed.

New York, April 18.—A dispatch to the World from Manila says: Maj. Gen. Lawton at Paite authorized the World correspondent to make this statement:

"The present prospect is that 100,000 troops will be necessary to pacify the Philippine islands." After giving the opinion that 100,000 men will be required to subdue these islands, Gen. Lawton explained the situation to the World correspondent as follows:

"The difficulties in the way are those of fighting guerrillas in a tropical country. "With my brigade I could force my way from one end of the islands to the other if I did not have to hold the territory I traversed. But leaving garrisons behind would soon eat up the whole force."

Appointed Field Agent.

New York, April 18.—The American Bible society has appointed Rev. William R. Henderson, D. D., as its field agent for Illinois, Indiana and Wisconsin. Dr. Henderson is a native of Indiana, graduated from Princeton college in 1867, and from McCormick Theological seminary, Chicago, in 1876. He began life as a lawyer, but left the practice of his profession in Indiana to enter the ministry.

Pronounced Invalid.

Washington, April 18.—In the United States supreme court an opinion was handed down by Justice Peckham pronouncing invalid a portion of the state law of Michigan regulating the sale of thousand-mile railroad tickets. The part of the law affected is that providing that these tickets shall be good for two years and shall be sold at a reduced rate.

Doubly Stricken.

Peoria, Ill., April 18.—Alexander Reid, of French Grove, Ill., on returning from his father's funeral Monday was called to the bedside of his sweetheart, and found her dead from fright caused by a horse running away with her.

New Bank at Lima, O.

Lima, O., April 18.—The Bank of Lima began business as the successor of the American national bank, which last winter had a mysterious robbery of its safe of \$18,000.

National Federation of Musical Clubs.

St. Louis, April 18.—The National Federation of Musical Clubs will hold its first biennial meeting in this city May 3 to 6, inclusive.

Mrs. Althouse. This decision also practically opens the doors for all of what has heretofore been regarded as doubtful testimony. The defense is now permitted to show all of the relations existing between Saxton and Mrs. George and this will involve the litigation in which Sample C. George, the former husband, is concerned. It is further inferred that the ruling will permit the state in rebuttal to go into similar testimony regarding the former life of the accused and the effect will be, as now viewed, materially to lengthen the proceedings.

DIES UNEXPECTEDLY.

Rt. Rev. John Ambrose Watterson, Bishop at Columbus, Passes Away—Funeral Thursday.

Columbus, O., April 18.—Rt. Rev. John Ambrose Watterson, D. D., bishop of the diocese of Columbus, died suddenly at his residence in this city early in the morning. He had been in ill health for some time, but his death was unexpected and came as a great shock to the public of Columbus.

It is now thought that the funeral will be held on Thursday and the remains buried under the altar of St. Joseph's cathedral, beside the body of Bishop Rosencrans.

Bishop Watterson attained national prominence by taking advanced ground on the temperance question. In 1893 he promulgated his famous decree barring liquor dealers from membership in Catholic societies and instructing priests of the diocese to refuse absolution to saloon keepers who carried on their business in violation of civil law, unless they promised to cease offending.

Cruiser Chicago's Long Voyage.

New York, April 18.—The cruiser Chicago, which has been undergoing repairs at the Brooklyn navy yard for months, will sail this morning on her first important voyage in nearly four years. A cruise of 22,000 miles is to be made under command of Capt. Cook, acting under orders from Rear Admiral Howison. The Chicago will go first to the Azores, then to Gibraltar, where a stop of ten days will be made. Thence through the Mediterranean to Malta and to Cairo, the cruiser will pass through the Suez canal down the eastern coast of Africa to Johannesburg and Cape Town. A stop will be made at St. Helena. It is expected that the Chicago will return to the United States next October.

Von der Ahe Seeks Damages.

St. Louis, April 18.—Chris Von Der Ahe filed suit in the circuit court Monday for \$50,000 damages against Frank DeHaas Robison and Edward C. Becker, the new owners of the St. Louis Baseball club. Every club in the National league is also made a party to the suit, and \$25,000 damages is asked from each one of them. The chief allegation in the petition is that a combination existed in the league to forfeit the membership of the Sportsman's park and club for the pecuniary profit of the defendants.

The instructions to the American Commissioners to the Czar's disarmament conference have been prepared by the administration with the expectation that the conference will produce practical results—probably not exactly along the lines proposed by the Czar, but still results that will be beneficial to all the nations which will be represented at the conference. The text of the instructions to our commissioners has not been made public and is not likely to be in advance of the conference, which meets next month, but it is known that they strongly emphasize the position of this government in favor of international arbitration; also, that they favor an agreement for the further amelioration of the horrors of war, along the lines of those which have been secured by the Geneva Red Cross society various times.

Representative Paeker, of Pa., who has just returned from a visit to Cuba, said: "The impression I got was that our troops will have to stay down there a long time. One of our leading Generals talked the situation over with me fully and frankly. His idea is that Congress made a fearful mistake in adopting the Teller resolution that disclaimed any intention on our part to annex Cuba. The respectable and educated element—mostly Spaniards—say they will be glad to see annexation come about speedily, but the General was not sure how far these people could be depended upon to make good their talk. If an election were held at an early day, they might vote contrary to their declarations, about the desirability of annexation. All the Americans over there are of the opinion that Cuba must, sooner or later be annexed to U. S., but how soon, or under what circumstances, they do not pretend to predict."

The disposition at the German Embassy to consider the Samoan question disposed of, now that it has been arranged that Commissioners representing the U. S., Great Britain, and Germany shall sail from San Francisco on the 25th inst., with authority to make temporary changes in the Government of Samoa, pending the consideration of their reports by their respective governments, is not shared by many Americans. American officers and men were killed in ambush near Apia, and the charge made that the ambush was the result of German treachery. If investigation shall show that charge to be untrue, Americans will rejoice; if not, they will refuse to consider the matter closed until the result of the investigation is known. Americans do not regard the appointment and departure of the Commission as settling the matter, but as starting in the proper way to get at the bottom of it. If there has been wrong doing, whether by Americans, Germans or Englishmen, it must be not only shown up, but punished.

U. OF M. SHUT OUT.

The Milwaukee Western League team in Milwaukee yesterday shut out the University of Michigan by the score of 15 to 0. The result of the past week's work was apparent in the fast play of the Brewers, while the collegians were handicapped in that this was the first game they have played together as a team. The score was the result of the heavy batting of the league men, and the wildness of the Michigan pitchers. The latter experienced much trouble in working in the pitcher's box, which is raised about a foot above the diamond. Yale was substituted in the fifth inning for Lehr, and succeeded in holding the Milwaukee men to three runs in three innings, although in the meantime he presented them with three passes to first. The college team has profited by the game today, and expect to show a great improvement tomorrow, when they will tackle the same team again. The score:

Milwaukee	1	2	3	4	5	6	7	8	9
Michigan	0	0	0	0	0	0	0	0	0

Batteries—Milwaukee, Swaim and Rath; Michigan, Lehr, Yale and Lunn. Two-base hits—Stafford, Barnes, Flesher, Wolf. Double play—Leewee, Hallman, Stafford. Hits by Leewee—Leewee, Barnes, Rath. Bases on ball—By Swaim 1, by Lehr 2, by Yale 3. Stolen bases—Waldron, Barnes, Snow, McGinnis. Struck out—By Swaim 6. Umpire—Hassman. Time—Two hours.

G. FRED SCHLEICHER CONFIRMED.

As was exclusively announced in The Times of several days ago, G. Fred Schleicher was appointed as a member of the board of public works in place of Dr. W. B. Smith, deceased. The mayor's appointment was confirmed by a unanimous vote. This was the only appointment handed in by His Honor. He announced to The Times that he would withhold the names until the next regular meeting.

Mayor Luick then read his first annual message, a synopsis of which appears in another column.

The street committee asked for further time in which to report on the purchase of the Bullock gravel pit, which purchase was vetoed by Mayor Hiscock. Ald. Hamilton stated in explanation that the frost was just getting out of the ground and the committee wished to make a thorough examination. He promised a report on the veto at the next meeting. City Attorney Butterfield said that the 30 days' time within which the council must act on a mayor's veto had expired and the mayor's veto now stood.

"That's all right," said Ald. Hamilton. "We will investigate the matter and if we find it all right we can buy it over again. Then we won't be buying a pig in the poke."

ST. ANDREW'S CHURCH KICKS.

The report of the board of review on the opening of Catharine st. developed the fact that Col. Bradley Martin Thompson was present. He represented St. Andrew's church. He thought the taxing of St. Andrew's church on the benefits was an injustice. "The church property is not on the market,"

E. B. Norris—"But you will sell your lots, just the same."

Mr. Thompson—"Perhaps your church would."

Mr. Norris—"Yes, and so will yours."

Mr. Thompson—"Well, we find pretty hard work to pay expenses. Maybe we will have to sell a 40-foot lot to pay for opening the street and the sewerage."

Ald. Hamilton—"I move that the confirmation be deferred until the next meeting."

Ald. Koch thought the matter had been hung up long enough.

Ald. Hamilton's motion was carried by a vote of 10 to 4. Ald. Dieterle, Koch, Rohde and Vandawarker voting in the negative.

The question of an equipment for a fire department for the Sixth ward engine house came up. The petition was signed by 88 persons. The matter was referred to the fire department committee.

Well Protected Against Cold.

The dirtiness of the Afghan is proverbial, and it is said that during the last Afghan war Gen. Roberts once ordered one to be washed. Two soldiers stripped the prisoner and scrubbed him for two hours with formidable brushes and soft soap. Then they threw down their brushes in disgust and went to their captain. "What is it, men?" he said. "Well, sir," they replied, "we have washed that Afghan chap for two hours, but it is no good. After scrubbing him, sir, for two hours, till our arms ached fit to drop off, blest if he did not come upon another suit of clothes."

A few pupils in photographic retouching wanted. Terms reasonable. For particulars address Box R, Times, Ann Arbor.

A sidewalk was asked for on the south side of Hill st., from Fourth ave. to the Ann Arbor railroad. Referred to the sidewalk committee.

Another sidewalk was asked for on the east side of Fourth ave., from Hill to Phillip st. This met the same fate.

A surface or storm sewer 10 or 12 inches in size was asked for on N. Division st., between Detroit and Kingsley st. Referred to sewer and street committee.

A petition asking that Edwin st., from State west to the creek, be graded and improved, was referred to the street committee.

A number of sidewalks were asked for on the north side of Hill st., west side of Oswego st. and east side of Oswego st. Referred to the sidewalk committee.

A crosswalk across Fuller st. on the north side of State st. Referred to the sidewalk committee.

Fourteen property owners petitioned for the gutter to be paved on the south side of Jefferson st., between Second and Sixth streets. Referred to the street committee.

The next regular meeting will be held Thursday, April 27th. Topic, "The White Man's Burden." Leader, Mrs. Voorhies.

Ald. Stevens presented the notorious proposed bicycle ordinance for its first reading, which will permit cyclists the use of the sidewalks in "muddy weather."

EVERYBODY WANTS BRICK.

Ald. Koch, of the junketing committee, made a verbal report, in which he assured the taxpayers that the money was well invested when the bunketers took the junket. "Some of the members have suggested that we take another day and see if we can't get a better plant here to repair asphalt. Ald. Hamilton said that asphalt was the proper thing on residence streets, and if they did not want asphalt paving on residence streets they certainly did not want brick pavements, on account of the cost."

City Attorney Butterfield made a verbal report on the Rohde building being moved. He said that he advised the board of public works that they were under no obligations to fight Mr. Rohde's battles for him, but later the board decided that it would be policy to defend the suit. There are several petitions pending for buildings to be moved across the track, and the railroad company evidently thinks that by continually fighting these movings, that they would discourage them in the future.

The council authorized the city attorney to defend the case. "I hope," said Ald. Koch, "that the council will have the backbone to stand up for the rights of its citizens against the railroads."

"I think the street railroad has rights," said Ald. Hamilton, "but I do not think they own the streets because they happen to own a franchise."

By Ald. Howell—"That Geddes ave. be graded and graveled from Oxford st. to the city limits." Referred to the street committee.

RAPPED THE BOARD OF PUBLIC WORKS.

By Ald. Koch—"That the board of public works be ordered once more to make the gas, water and sewer connections and remove the scales on Washington st. in the three blocks about to be paved."

Ald. Dieterle amended it by including the removal of the telephone poles.

Ald. Hamilton—"Are we not asking a good deal more than we can get. Is the board of public works interested in these poles in anyway?" (Laughter.)

The motion as amended was passed unanimously, by Ald. Koch: "That the board of public works be ordered to advertise for bids on the storm sewers that were ordered by the council two months ago." Carried.

By Ald. Stevens: "That the city attorney take such action as is necessary for issuing paving bonds to the extent of \$150,000."

Mr. Butterfield—"There is only a step to amend the charter so that the limit of outstanding bonds can be extended from \$40,000 to \$150,000. This is in conformity with the amendment which extends the limit for paying for the pavement to 10 years. There is no use of extending the time unless we can extend the limit for outstanding bonds."

Ald. Coon—"I will make an amendment that it includes sewer as well as paving bonds."

The motion as amended was carried unanimously.

Untrustworthy Water Filters.

The Maryland board of health reports that domestic water filters may steadily lose their efficiency until they become culture beds for bacteria. Instances are quoted where water, after passing through filters whose packing had not recently been renewed, contained ten or twenty times as many bacteria as it had before it entered the filter.

The bill stated that it would be necessary to do the job of splicing in the day time in order to do perfect work. The answer denies this.

The answer then recites the ordinance giving the city power to obstruct traffic when it is necessary for public or private convenience.

The answer then states that the feed wire on Washington st. is 23 feet and 4 inches above the ground; that the trolley wire is 19 feet high and could be raised for a distance of 5 feet without being severed. That the defendant has offered to move the building across the track in the night time after traffic has ceased, and that it can be done in 30 minutes' time.

And lastly, "This defendant further answering say that in the city of Ann Arbor it is a matter of great public benefit to allow old buildings to be moved from valuable lots to lots of less value, thus permitting them to be replaced by buildings of a value proportionable to the value of the lot; that the work, when accomplished, furnishes cheap and desirable homes for poor people and at a cost far below what they could be built for originally."

A dissolution of the injunction is asked for and it will be heard on Thursday.

Consequently the Rohde building will not be moved across the track until Thursday night.

MAYOR LUICK DOES NOT AGREE WITH DR. BROOKS.

Doctor Brooks Said That There Is as Rotten a State of Affairs in the City of Ann Arbor as Was Ever Heard of In New York Or Chicago. Mayor Luick Says That the Splendid Reputation of the City of Ann Arbor for Peace and Decency Should Be Maintained.

THE MAYOR'S MESSAGE WAS READ TO THE COUNCIL LAST NIGHT.

Mayor Luick read his annual message to the common council last evening. After enjoining economy, the message said:

"There are nevertheless many items of expense which in the aggregate may appear necessarily large, but which have become necessary to complete the system of public improvements upon which the city has entered. Thus, for instance, the system of paving once having been begun has so demonstrated its utility and excellence that there is a just and proper demand for its extension. The paving of Washington st. is now in contemplation and ought to be brought to speedy completion, and I respectfully urge upon the proper authorities such prompt and efficient methods as will quickly place this important thoroughfare in condition for use as one of the paved streets of the city. I would be glad to recommend the extension of the present system of paving also to Huron, Liberty and State sts., but I am informed that the house connections with the city sewerage system has not yet been entirely completed upon these important streets, and I shall therefore defer my recommendation until these connections have been made, as it would be poor economy to disturb the pavement for such purposes as the laying of tile, etc., after the paving is done. It is hoped that the citizens interested will make the above noted connections at an early date, so that by another year these beautiful streets may be added to the paved districts of our city."

"Paving is an expensive luxury as well as a necessity and a convenience. It is to be hoped, and, indeed, it is confidently expected, that the improved sanitary conditions which will arise from paving and carefully cleaned streets will more than repay the financial cost. In this connection I would urge upon the proper authorities most careful inquiry as to the cheapest and the best system for the daily cleansing and sweeping of the paved streets of the city and the ultimate organization, if practicable, of a distinct branch of the city service for this important work. Paved streets must be kept clean."

He then recommended that steps be taken to authorize the expense and raise the funds for the extension of the storm sewers.

"The total expense of the fire department as shown by the last annual report of the chief, was \$7,036.64, of which \$5,637.51 was paid for salaries. For the protection which the money has secured no better investment was ever made."

In conclusion, His Honor rather took issue with Dr. Brooks, of the Good Government, Anti-Saloon, Municipal club. It will be remembered that Dr. Brooks stated at a meeting of the Municipal club that "there is as rotten a state of affairs in Ann Arbor as was ever heard of, New York not excepted."

In Mayor Luick's message he uses the following language:

"In conclusion, I ask the assistance of all good citizens in maintaining at its high standard the splendid reputation of Ann Arbor for peace and public order and decency. As a University town we are subject to deep scrutiny and charged with important interests which do not fall to the lot of other cities of our class. I confidently rely upon the assistance of the proper officers for the efficient police control of the city."

The message was referred to a special committee of Aids. Koch, Hamilton and Stevens.

TO SET ASIDE A DIVORCE.

An Attempt Will Be Made In the Case of Beach vs. Beach.

There will be an effort made by Cavanaugh & Wedemeyer, attorneys, to set aside the decree of divorce granted to Bertha E. Beach, against her husband, Frank Beach.

It is an Ypsilanti case, and the decree was granted on the grounds of drunkenness and cruelty.

The main reason for setting the decree is that "under the laws of the state no proofs or testimony can be taken in any cause for divorce until four months after filing the bill, except where the cause is for desertion."

The bill in the present case was filed Dec. 3 and the decree was granted March 11.

Congressman Hank Smith, the Prince of Jolliers, couldn't jolly the United States supreme court at Washington into thinking that his family ticket law for mileage books was good.

In announcing the opinion today Justice Peckham said the provision was not the exercise of a power to fix maximum rates, and not a fair regulation of the railroads, but an improper interference, the legislature having no right to discriminate, as was done in this act.

The "noon rest hour," which is so important a feature of most of the city associations, has often been proposed here but has never met with approval enough by the girls questioned in regard to it to make it seem wise to attempt it. But, largely through the interest of one of the girls, whose time is never so full of her daily round that she has no thought for what might be a pleasure or help to her comrades, the scheme has at last materialized, and during the past week more than 30 girls whose work keeps them down town during the noon hour, have availed themselves of this privilege. The invitation is to bring her lunch, and tables, dishes and the use of the fire is furnished. Some member of the Y. W. C. A. is at the rooms and has everything ready, so that the tired girls may have little to do but eat their lunches, lie down and rest, read, or chat, or sing at the piano, or use the rest hour as they like best. The rooms committee had a very practical meeting Monday, discussing ways of making the rooms more attractive, for it is their special aim to have so cozy and bright a place that young women shall be glad to come into it. When the committee separated, one was to interview someone to give the rooms a thorough cleaning, another to look up a bookcase which could be closed, others to do each some definite thing towards the desired end. The parlor carpet is very dingy after its five years' use, and the committee hopes that someone who is replacing a half-worn carpet with new, may send it to the rooms. It is also planned to have some rugs woven if the worn-out carpets are removed for this can be secured. Anyone having these articles (carpet, bookcase with doors, or small kitchen cupboard which they can let the Y. W. C. A. have, will please notify Mrs. F. L. Parker, 302 Ann st.; phones: Michigan 210, New State 132) and the articles will be sent for. A comfortable couch was left at the rooms Monday.

But humanity rests more contented now, for it knows that Hood's Sarsaparilla, the wonderful blood cleanser, never disappoints. You need it today.

Poor Blood—"The doctor said there were not seven drops of good blood in my body. Hood's Sarsaparilla built me up and made me strong and well." Susie E. Brown, 16 Astor Hill, Lynn, Mass.

Poor Health—"Had poor health for years, pains in shoulders, back and hips with constant headache, nervousness and no appetite. Used Hood's Sarsaparilla, gained strength and can work hard all day; eat heartily and sleep well. I took it because it helped my husband." Mrs. ELIZABETH J. GIFFELS, Moose Lake, Minn.

Tumors—"A tumor as big as a large marble came under my tongue and instead of letting my physician operate on it, I used my favorite spring tonic, Hood's Sarsaparilla. The tumor soon disappeared." Mrs. E. M. CONYER, 8 Union St., Lowell, Mass.

Catarrh—"Disagreeable catarrhal droppings in my throat made me nervous and dizzy. My liver was torpid. Hood's Sarsaparilla corrected both troubles. My health is very good." Mrs. ELVIRA J. SMILEY, 171 Main St., Auburn, Maine.

Dyspepsia, etc.—"A complication of troubles—dyspepsia, chronic catarrh and inflammation of the stomach, rheumatism, etc., made me miserable. Had no appetite until I took Hood's Sarsaparilla, which acted like magic. I am thoroughly cured." N. B. SHELLEY, 1574 W. 14th Av., Denver, Col.

Impure Blood—"Five years I suffered with pimples on face and body. Hood's Sarsaparilla cured me permanently. It also cured my father's carbuncles." ALBERT E. CHASE, Tustin City, Cal.

A GOOD APPEARANCE

IT is true that appearances are often deceiving and it is equally true that appearances have considerable influence, and success or failure in life is sometimes traceable to making a good or a poor appearance.

It is an undeniable fact that a well made stylish suit of clothes will invariably produce a favorable impression upon the beholder, but the outrageously high prices of the average merchant tailor have heretofore proven a barrier.

The time has, however, arrived when the public, or at least that portion of the public appreciating good clothes, can obtain them at prices within the reach of all. L. C. GOODRICH has satisfactorily demonstrated to hundreds of good dressers that high grade stylish garments does not necessarily mean an EXPENSIVE garment.

Our elegant assortment of Spring and summer goods, embracing over 500 of the most stylish patterns is now ready for your inspection, and we invite the patronage of those who are willing to be convinced that good fit, finish and fabric are obtainable at moderate prices.

Dr. S. M. Yutzy, of the medical faculty, will again spend the summer in Vienna pursuing studies in surgery, for which the Vienna school is famous.

Miss Snyder, of the woman's gymnasium, and Miss Wahmsley have returned from an extensive eastern trip made in the interest of physical culture.

Miss Winnie Weinmann has received word from A. C. King, of Marysville, Kansas, stating the death of his son, Mahlon H. King, a graduate of the class of '95 law.

The Ladies' Sodality of St. Thomas' church will put in a \$500 memorial window at the east end of the church. The window represents a large rose, the center of which is a likeness of the Virgin Mary and on the petals are represented the saints.

Randall & Jones won a very important case in the Toledo court yesterday. Their client was sued for malpractice on the death of a woman from an operation. The jury was out all day yesterday and until 4 o'clock this morning. They finally brought in a verdict for \$1. The amount sued for was \$20,000.

Cynthia M. Taylor, of Dexter, has filed a bill for divorce against her husband, William G. Taylor, after three years of matrimonial experience. She alleges that the defendant has been guilty of extreme cruelty in that he has accused her of devoting her charms to other men. She also says that he has become an habitual drunkard and has not supported her.

Emil Schlotterbeck, theatrically known as "Trovola," is spending a few days in the city visiting friends. Mr. Schlotterbeck for the past two seasons has been with West's minstrels and closed a successful tour with that organization in Detroit a short time ago. As a ventriloquist, Mr. Schlotterbeck is an artist, and appears only with the strongest companies.

The street railway people are repairing their track on a portion of the pavement which was put down last summer. The developments opened the eyes of aldermen. The railway company put in its concrete foundation for a short distance each side of the tracks. This was found to be as hard as stone, while the concrete put in by contract for the city, did not hold together at all.

During the lifetime of Mr. and Mrs. Grove Sanders, of Pittsfield, they have saved \$600 in gold, with the understanding that it was to go to the survivor. When the former died, the administrator of the estate advised her that it was dangerous to keep money about the house. She gave it to him and he deposited the money in the name of the estate. Mrs. Sanders has since died and there are numerous parties to the suit in chancery which will entangle the complication.

The Ladies' Aid society of the M. E. church have decided to hold a "talent social" some time in September. The talents are expected to increase from now until that time. A large amount is expected, as most of the members are supposed to be "good and faithful servants."

The death of John Leslie occurred at his home in Webster yesterday. The cause of the demise being general debility. The deceased was 77 years of age and had been a resident of Webster for a number of years. In fact, he was one of its pioneers. The funeral will be held Thursday afternoon from the house at 1 o'clock. The interment will take place in Forest Hill cemetery.

At 9:45 this morning the prosecution in the Ascher murder trial now being held in Detroit, rested with the conclusion of the testimony of Dr. Samuel P. Duffield. It is now said that it is the intention of the defense to attempt to prove an alibi, and it is understood that a motion named Huff, who has been mentioned prominently in the case, will be sworn for the purpose of testifying to this effect.

Miss Emma E. Bower has been in Detroit during the past two days attending a meeting of the executive board of the Lady Macabees. The board authorized the holding of a deputy school of instruction in this city on May 31, June 1 and 2. During the past year, 1898, over 9,000 new members have been secured, and during the month of March the membership has been increased by 1,332. Today the Michigan order has 42,500 members. Last year \$168,000 was paid out in death claims alone.

During the lifetime of Mr. and Mrs. Grove Sanders, of Pittsfield, they saved up \$600 in gold, with the understanding that it was to go to the survivor. When the former died, the administrator of the estate advised her that it was dangerous to keep money about the house. She gave it to him and he deposited the money in the name of the estate. Mrs. Sanders has since died and there are numerous parties to the suit in chancery which will entangle the complication.

Adrian Telegram: Capt. E. P. Allen, of Ypsilanti, was here today and left with Mayor Stearns an application for a franchise that will be read at the council meeting tonight. It asks for the privilege of getting into the city with the Ypsilanti & Saline electric road. Rights of way have been secured to the city limits, except through the village of Tecumseh, and the captain has gone there to see about getting it through the council there tonight.

The attraction at the Athens theatre tonight will be Oliver Scott's Refined Negro minstrels, a combination of genuine colored minstrel performers, which is made up of popular features and features that please the masses. There is plenty of good dancing, much popular music, both vocal and instrumental, and many other features calculated to please, high class specialties, beautiful marches, etc. The company numbers 40 people and travel in their own train of palace cars. This is positively their only appearance in this city, and lovers of good shows should take advantage of the opportunity and see it.

The Ladies' Aid society of the M. E. church have decided to hold a "talent social" some time in September. The talents are expected to increase from now until that time. A large amount is expected, as most of the members are supposed to be "good and faithful servants."

The death of John Leslie occurred at his home in Webster yesterday, the cause of the demise being general debility. The deceased was 77 years of age and had been a resident of Webster for a number of years. In fact, he was one of its pioneers. The funeral will be held Thursday afternoon from the house at 1 o'clock. The interment will take place in Forest Hill cemetery.

At 9:45 this morning the prosecution in the Ascher murder trial now being held in Detroit, rested with the conclusion of the testimony of Dr. Samuel P. Duffield. It is now said that it is the intention of the defense to attempt to prove an alibi, and it is understood that a man named Huff, who has been mentioned prominently in the case, will be sworn for the purpose of testifying to this effect.

Miss Emma E. Bower has been in Detroit during the past two days attending a meeting of the executive board of the Lady Maccabees. The board authorized the holding of a deputy school of instruction in this city on May 31, June 1 and 2. During the past year, 1898, over 5,000 new members have been secured, and during the month of March the membership has been increased by 1,332. Today the Michigan order has 42,500 members. Last year \$168,000 was paid out in death claims alone.

The May festival at Ann Arbor promises to be even finer this year than usual. It will be held in University hall May 11, 12 and 13. The following artists will take part: Mme. A PLEASANT SURPRISE.

Surprises seem to be the fashion in
Ypsilanti town, and the latest victims
were Mr. and Mrs. Frederick Graves.
On Saturday, April 15th, occurred the
birthday of Mrs. Graves. Mrs. Benja-
min Kelly, who is a hustler to manage
people and things in general, with the
able assistance of Mrs. James R.
Holmes, gathered many of the friends
of Mr. and Mrs. Graves together and
came pouring in, carrying very mys-
terious looking covered baskets and
packages. All received a warm wel-
come.

Mrs. Ben Kelly, after due delibera-
tion and forethought, again marshalled

A BUSY SESSION.

City Solons Find Much to Occupy
Their Attention.

Last evening's council meeting came
as near to the old-fashioned bear dance
as the sluggish blood of the present
generation permits. A number of ques-
tions arose upon which several of the
aldermen thought very strongly, and
unfortunately not with entire unanim-
ity.

Roll was called at 8:10 and the dis-
covery was made that Ald. Schaffer
was the only absentee. A letter was
read from Alfred Lucking in which he
informed the council that certain legal
service which he had rendered the city
some months ago was gratis, on account
of old times' sake. On motion of Ald.
Moore, the council directed the thanks
of the city to be expressed to Mr. Luck-
ing.

Burg & Waldner, builders, asked and
received permission to occupy a portion
of Pearl st. with building material.

Liquor bonds were presented with the
following as principals: L. J. Foerster
Brewing Co., George Letter, Jacob
Schmidt, Joseph Myers, Jacob Grob,
Thomas Neat, Geo. Whitmore, Geo.
Ament, W. H. Lewis, J. H. McKinstry,
Chas. Fulton, Chas. Hax. They were
accepted and approved.

Clerk McGregor, as clerk of the com-
mission of public works, reported that
it was desirable that the city engineer
prepare plans for the proposed storm
sewer. Plans to be submitted to the
commissioners of public works for ap-
proval, the same not to cost more than
\$10. Motion amended by Ald. Worden,
that the commissioners of public works
employ the engineer to do this work.
Motion carried as amended.

Clerk McGregor read the report of the
mayor and himself relative to their
work in Lansing in behalf of the bill
of charter changes. They informed
the council that in Lansing and Jack-
son they had obtained valuable infor-
mation in regard to street paving, and
that the same would be forthcoming at
the wish of the council.

The commissioners of public works
recommended that a sewer be con-
structed on E. Congress st. east to the
east side of Prospect st., as proposed at
the last meeting. Recommendation em-
bodied in the form of a motion and car-
ried by the council.

WILL HOLD D. Y. & A. A. TO THEIR
AGREEMENT.

The committee, consisting of Aids.
Van Fossen, Dawson and Moore, to
whom was referred the matter of the
street railway which the D. Y. & A. A.
agreed to build on River st., and which
they have not yet begun, recommended
that they be directed to build said road.
Council passed resolution to this effect.

CO. G TO BE WELCOMED.

The following resolution was presented
by Ald. Moore and adopted without
remarks by the council: That a commit-
tee, consisting of the mayor and the
mayor-elect, the city clerk, three alder-
men and three citizens to be named by
the mayor, be appointed to arrange
proper reception and entertainment for
Co. G and such of their soldier com-
rades as may accept the committee's
invitation to stop over; further was it
resolved, that the committee be in-
structed to approve bills drawn upon
the contingent fund to meet expense of
such reception, not to exceed \$200.

Resolved by Ald. Meanwell, that the
committee on ways and means be in-
structed to call upon the firm of Clay-
ton & Lambert and see if any arrange-
ments can be made to induce them to
remain in the city. Carried without re-
marks.

MORE SIDEWALK RESOLUTIONS.
A very interesting argument now
arose over a series of sidewalk resolu-
tions offered by Ald. Van Fossen, of
which the first was: "Resolved, that no
sidewalk shall be built in the city until
the city engineer has furnished the
grade and line."

Ald. Davis on the question: "I would
like to ask if this applies to all streets?"
Ald. Van Fossen: "Yes, everywhere in
the city."

Ald. Davis: "You make a mistake
there. All of the walks in the city are
not built on a grade. Now, if you go
to trying to put every thing down to
one grade you are going to get walks
higher or lower than those next to
them."

Ald. Van Fossen: "What about the
line of the road? Don't you want the
walks in any order? Some people put
their walks on the property line and
some put them on the line of the street.
Don't you want uniformity?"

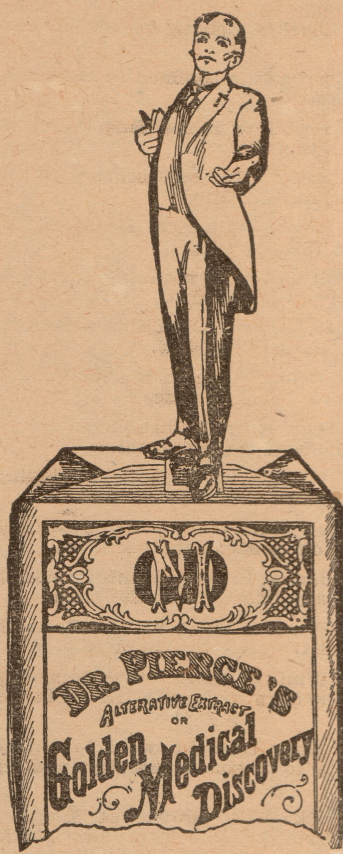

The resolution was adopted.

Resolution by Ald. Van Fossen: That
no gas pipes be laid in the city unless

"I Stand Firm to Recommend It."

"I had been afflicted with lung trouble for
two years," says Charles A. Moore, of Fivemile,
Mason Co., W. Va. "I tried all the surrounding
physicians, but they did me no good. After a
long period I bought a bottle of your great
'Golden Medical Discovery,' and after taking
four bottles I am entirely cured, and I stand
firm to recommend your great 'Discovery' to
all people afflicted with lung trouble. I now
feel stronger than I ever did."

Chas. A. Moore

under the supervision of the city sur-
veyor.

Ald. Davis: "Who will pay the sur-
veyor? The gas company?"

Mayor: "I don't know who would
stand the expense in such a case."

Ald. Davis: "Seems to me that we
ought to find out about it."

Clerk McGregor: "Mr. Curtis, the
chairman of the commissioners of public
works, told me recently that it
would be impossible to subject the gas
company to the supervision of the city
surveyor in the matter of laying gas
pipes, as they are working under an old
charter which gives them the right to
lay their own pipes."

Ald. Moore amended that the cost of
the surveyor's services be charged up
to the company.

The mayor then called for a vote on
the amendment, but no one responded.
He then called for the vote on the original
question, but still no response
from the aldermanic ranks. Resolution
thus failed of adoption.

Ald. Van Fossen then presented the
resolution that the following residents
of the Second ward build new walks of
planks, to be laid crosswise on three
3x4 hardwood stringers. He also in-
cluded the names of 47 property owners
in the ward whose walks need repair-
ing. Both resolutions were carried unani-
mously. Following is the list of those
who must build new walks or suffer dire
consequences: Mrs. C. Y. Sterling, E. P.
Goodrich, S. B. Mereness, H. S. Boutell,
Albert Stuck, Mrs. George Gilbert, Zina
Buck, O. D. Knisley, all of Pearl st.;
Rev. Wm. Cook, of Ellis st.; Chas.
Barnes, A. George, of Normal st.; Mrs.
McDonald, Rev. Fairfield, A. George, G.
Waterman, all of Ellis st.; Jas. Horn,
Mrs. Wallace, A. George, all of Summit
st.; Prof. Sherzer, J. H. Davis, J. M. Mc-
Cullough, W. P. Stone, Mrs. Withers-
poon, of Congress st.; W. H. Guild, J.
Near, of Hamilton st.

The council was unable to recover
from the shock of this stupendous piece
of sidewalk legislation, and when the
vote had been taken it immediately ad-
journed.

Cost of Perfumery.

To produce the yearly out put of
perfumery in the department of Sea
Alps, in France, the Revue Statique
says, requires 4,000,000 pounds of roses,
5,000,000 pounds of orange blossoms,
400,000 pounds of jasmine, 300,000 pounds
cassia blossoms, 300,000 pounds tube
roses and 400,000 pounds violets. The
average price paid for these blossoms
per pound is: Roses, 6 cents; orange
blossoms, 7 cents; jasmine, 25 cents;
tube roses, 50 cents; and violets and
cassia blossoms, 40 cents. One plant
of violets furnishes about six ounces
of blossoms and an orange tree about
twenty pounds. A woman can gather
four pounds of roses in four hours.

Japan's Financial Condition.

From a financial point of view the
Japanese were better off when they
lived by themselves, in a closed coun-
try, than they now are when com-
pelled to fight under handicaps, for a
place in civilization. Then they had
few wants and enough to meet them.
Now their wants are many times great-
er, and their resources of gain have
not increased proportionately. How
to increase them and how to reduce
the wants of the people present as puzz-
ling a problem to Japanese publicists
as any with which modern statesmen
have to deal.—San Francisco Chroni-

False 'uns.

As a rule the hospital patient looks
up to his medical attendant, especial-
ly to the visiting surgeon or physi-
cian, with implicit confidence and a
good deal of wholesome awe and re-
verence. His anxiety to help the doc-
tor in every way is sometimes unin-
tentionally comic. A senior surgeon
says a writer in the Cornhill, was lec-
turing a class of students on different
appearances of the teeth. "Here, gen-
tlemen, in these two teeth we have
well-marked symptoms of—" Patient
(interrupting in a deprecating man-
ner)—But please, sir, them two's
false 'uns."

Balloon Ascents.

M. Janssen, the French astronomer,
is arranging for balloon ascents from
three stations, one in Europe, another
in America and a third in Siberia, to
observe the November shooting stars
next fall. The balloons are to meas-
ure 50,000 and 60,000 cubic feet, and
carry three men, one aeronaut and two
observers, with electric lamps
chronometers and star maps. They
are to go up 10,000 feet. Free bal-
loons are also to be sent up to test
the high atmosphere.

Book of the Dead.

An Egyptian papyrus which for
many years had been lying among the
manuscripts in the royal library at
Brussels, unappreciated and covered
with dust, has lately been deciphered
by a young Egyptologist. It is a frag-
ment of the "Book of the Dead" of the
twentieth dynasty, 1500 B. C., deposited
in the sarcophagus of a priestess of
Ammon named Aon Sang, "The Liv-
ing." A picture of the vestal offering
sacrifice to the god of the nether world
illuminates the manuscript.

A Wealthy Pasha.

Nubar Pasha, formerly Premier of
Egypt, is said to have left a fortune
of upward of twenty million dollars.
The foundation of this wealth was the
very large inheritance of Mme. Nubar,
who was the daughter and heiress of
the richest Armenian banker at Con-
stantinople. Nubar owned a splendid
hotel in Paris, a more magnificent
chateau at Boulaq, and a villa at
Alexandria, with the most beautiful
gardens in Egypt.

Text and Temperature in Harmony.

During the recent cold spell a little
girl went to church, and, considering
how near the mercury in the bulb in
the inside of the church was to that

was so cold." "What was the text?"
"Many are cold, but few are frozen."

A Colony of Outlaws.

Writers of fiction have frequently
pictured the idea of an unknown gen-
eral paradise turned into a general
asylum for outlaws and criminals. In
the Bonin isles, not far from Japan,
such a refuge has actually been dis-
covered. Men of every nationality,
who have made civilization too warm
for themselves, having decamped to
this ideal rendezvous, leaving the po-
lice to record the unsatisfactory re-
sult of their investigations as "gone
abroad." No rates or taxes have to
be paid, and government seems to be
entirely dispensed with. The discovery
was made by a Japanese vessel which
called at the isle. In future the aliens
will have less freedom, and conse-
quently less happiness, for the Japa-
nese dominion will have to be recog-
nized. Their dream is over.—West-

of construction will then be rushed
through.

The ladies of the Episcopal church will
give an "at home" at the residence of
Mrs. James Huston, of Huron st., Fri-
day afternoon from 2 to 5 o'clock. All
are invited.

Lovers of boating on the Huron will
rejoice to learn that the boat house
above the Peninsular paper mills has
been moved to the north side of the
river. This entails an extra walk of a
considerable distance.

A steel lathe and a drill press have
been set up in the new D. Y. & A. A.
repair shop, and they were tested today.
The rest of the machinery will be placed
as soon as the last consignment of steel
girders for the roof arrives.

At the recent convention of the Mich-

A number of bids have been received
relative to a site for the city hall. They
have not yet been opened, but among
the number are offers from the Chidister
estate, whose property is now occu-
pied by the dismantled Chinese laundry
opposite the postoffice; the Woodruff es-
tate, from E. L. Congress st.; the Wood-
ruff property, north of the dress stay fac-
tory, on Huron st.; and in regard to the
property on the corner of Washington

Mrs. Anna M. Grettton lies stricken
with a severe attack of paralysis at her
home on Prospect st. Mrs. Grettton was
not seen about the yard as usual Sat-
urday, and an investigation being made
by her neighbors she was discovered in
the house, lying unconscious upon the
floor. Medical assistance was at once
summoned. Mrs. Grettton is one of the
oldest settlers of the city, having come
here when a small child. Her recovery
is considered hopeless.

A PLEASANT SURPRISE.

Surprises seem to be the fashion in
Ypsilanti town, and the latest victims
were Mr. and Mrs. Frederick Graves.
On Saturday, April 15th, occurred the
birthday of Mrs. Graves. Mrs. Benja-
min Kelly, who is a hustler to manage
people and things in general, with the
able assistance of Mrs. James R.
Holmes, gathered many of the friends
of Mr. and Mrs. Graves together and
came pouring in, carrying very mys-
terious looking covered baskets and
packages. All received a warm wel-
come.

Mrs. Ben Kelly, after due delibera-
tion and forethought, again marshalled
her forces and served about 80 people,
the most delicious bouquet imaginable.
Beautiful flowers graced the tables and
lent their charms to the surroundings.
After the feast was over, Hon. James
L. Lowden made a telling speech as to
the sterling worth and character of Mrs.
Graves throughout her life, in her
home, in the neighborhood and com-
munity as large.

Mrs. Albert R. Graves also held the
audience attentively with his excellent
remarks, which he appropriately ended
with a solo. Various musical selections
were rendered by Mr. Winfred Perrin,
of the U. of M., the Misses Sherwood,
Miss Mary Kelly, Miss Mildred Graves,
Mr. and Mrs. James L. Graves and Miss
Sadie Lowden.

Mrs. Weston, a lady of 70 years, gave
a fine instrumental selection. Mrs. Is-
abel Gorton made some touching re-
marks. John M. Graves brought the
house down with an original poem,
composed as a tribute to his mother.
Mrs. Graves was remembered with nu-
merous dainty gifts from her friends
and relatives. In the evening games
and conundrums were in order, and all
made the most of a very enjoyable time
and retired, wishing Mrs. Graves many
returns of the day.

Clerk McGregor, as clerk of the com-
mission of public works, reported that
it was desirable that the city engineer
prepare plans for the proposed storm
sewer. Plans to be submitted to the
commissioners of public works for ap-
proval, the same not to cost more than
\$10. Motion amended by Aid. Worden,
that the commissioners of public works
employ the engineer to do this work.
Motion carried as amended.

Clerk McGregor read the report of the
mayor and himself relative to their
work in Lansing in behalf of the bill
of charter changes. They informed
the council that in Lansing and Jack-
son they had obtained valuable infor-
mation in regard to street paving, and
that the same would be forthcoming at
the wish of the council.

The commissioners of public works
recommended that a sewer be con-
structed on E. Congress st. east to the
east side of Prospect st., as proposed at
the last meeting. Recommendation em-
bodied in the form of a motion and car-
ried by the council.

WILL HOLD D. Y. & A. A. TO THEIR
AGREEMENT.

The committee, consisting of Aids.
Van Fossen, Dawson and Moore, to
whom was referred the matter of the
street railway which the D. Y. & A. A.
agreed to build on River st., and which
they have not yet begun, recommended
that they be directed to build said road.
Council passed resolution to this effect.

CO. G TO BE WELCOMED.

The following resolution was pre-
sented by Aid. Moore and adopted without
remarks by the council: That a commit-
tee, consisting of the mayor and the
mayor-elect, the city clerk, three alder-
men and three citizens to be named by
the mayor, be appointed to arrange
proper reception and entertainment for
Co. G and such of their soldier com-
rades as may accept the committee's
invitation to stop over; further was it
resolved, that the committee be in-
structed to approve bills drawn upon the
contingent fund to meet expense of
such reception, not to exceed \$200.

Resolved by Aid. Meenwell, that the
committee on ways and means be in-
structed to call upon the firm of Clay-
ton & Lambert and see if any arrange-
ments can be made to induce them to
remain in the city. Carried without re-
marks.

MORE SIDEWALK RESOLUTIONS.

A very interesting argument now
arose over a series of sidewalk resolu-
tions offered by Aid. Van Fossen, of
which the first was: "Resolved, that no
sidewalk shall be built in the city until
the city engineer has furnished the
grade and line."

Ald. Davis on the question: "I would
like to ask if this applies to all streets?"
Ald. Van Fossen: "Yes, everywhere
in the city."

Ald. Davis: "You make a mistake
there. All of the walks in the city are
not built on a grade. Now, if you go
to trying to put every thing down to
one grade you are going to get walks
higher or lower than those next to
them."

Ald. Van Fossen: "What about the
line of the road? Don't you want the
walks in any order? Some people put
their walks on the property line and
some put them on the line of the street.
Don't you want uniformity?"

The resolution was adopted.

no gas pipes be laid in the city unless

under the supervision of the city sur-
veyor.

Ald. Davis: "Who will pay the sur-
veyor?"

Mayor: "I don't know who would
stand the expense in such a case."

Ald. Davis: "Seems to me that we
ought to find out about it."

Clerk McGregor: "Mr. Curtis, the
chairman of the commissioners of pub-
lic works, told me recently that it
would be impossible to subject the gas
company to the supervision of the city
surveyor in the matter of laying gas
pipes, as they are working under an old
charter which gives them the right to
lay their own pipes."

Ald. Moore amended that the cost of
the surveyor's services be charged up to
the company.

The mayor then called for a vote on
the amendment, but no one responded.
He then called for the vote on the origi-
nal question, but still no response
from the aldermanic ranks. Resolution
thus failed of adoption.

Ald. Van Fossen then presented the
resolution that the following residents
of the Second ward build new walks of
planks, to be laid crosswise on three
3x4 hardwood stringers. He also in-
cluded the names of 41 property owners
in the ward whose walks need repair-
ing. Both resolutions were carried unan-
imously. Following is the list of those
who must build new walks or suffer dire
consequences: Mrs. C. Y. Sterling, E. P.
Goodrich, S. B. Mereness, H. S. Boutell,
Albert Stuck, Mrs. George Wilbert, Zina

Cost of Perfumery.

To produce the yearly out put of
perfumery in the department of Sea
Alps, in France, the Revue Statistique
says, requires 4,000,000 pounds of roses,
5,000,000 pounds of orange blossoms,
400,000 pounds of jasmine, 300,000 pounds
cassia blossoms, 300,000 pounds tube
roses and 400,000 pounds violets. The
average price paid for these blossoms
per pound is: Roses, 6 cent; orange
blossoms, 7 cents; jasmine, 25 cents;
tube roses, 50 cents; and violets and
cassia blossoms, 40 cents. One plant
of violets furnishes about six ounces
of blossoms and an orange tree about
twenty pounds. A woman can gather
forty pounds of roses in four hours,
or six pounds of jasmine in the same
time. She can pick twelve pounds of
tube roses in a third of a day, but
it takes a full day's work to gather
twenty pounds of violets or orange
blossoms. To obtain one pound of es-
sence requires: Of roses, 32,000 pounds,
or nearly 5,000,000 single blossoms; 2-
000 pounds of orange blossoms, or 1-
200,000 single flowers. Each year's out-
put of the district amounts to 1,000-
000 pounds of pomades, or cosmetics,
and 1,000,000 gallons of odorless fluids.

two observers, with electric lamps
chronometers and star maps. They
are to go up 10,000 feet. Free bal-

Book of the Dead.

An Egyptian papyrus which for
many years had been lying among the
manuscripts in the royal library at
Brussels, unappreciated, and covered
with dust, has lately been deciphered
by a young Egyptologist. It is a frag-
ment of the "Book of the Dead" of the
twentieth dynasty, 1500 B. C., deposited
in the sarcophagus of a priestess of
Ammon named Aon Sang, "The Liv-
ing." A picture of the vestal offering
sacrifice to the god of the nether world
illuminates the manuscript.

The foundation of this wealth was the
very large inheritance of Mme. Nubar,
who was the daughter and heiress of
the richest Armenian banker at Con-
stantinople. Nubar owned a splendid
hotel in Paris, a more magnificent
chateau at Boulak, and a villa at
Alexandria, with the most beautiful

PHILADELPHIA.

STRAIGHT AS THE CROW
FLIES

And follows a direction as true as
an arrow of the most expert bows-
man trains over the great

Missouri Pacific Railway.

Rush over their own rails of steel
between St. Louis, Kansas City,
Pueblo, Denver and Beyond. This
is the line carrying the Government
mail, and is popularly termed the
Fast Mail Route and Colorado Short
Line. Passengers contemplating a
trip to the west who are not fully in-
formed regarding this system should
address company's agents for all par-
ticulars, maps, time tables, rates,
etc., thereby getting the best of
the railroad market affairs.
